New Online Training:

"Responsible Serving of Alcohol" is Offered to you at No Cost!

As your insurance partner, it is our desire to help you minimize losses and keep your staff, your patrons, and the public safe. Liquor liability losses cost thousands of dollars and

hundreds of lives per year. In many cases, these losses can be prevented with proper server training.

Together with the AIX group, we are pleased to offer a new online alcohol server training program. **We are offering you one training course FREE OF CHARGE.** There are no strings attached, we just want to help your Post get certified by your state in proper and responsible alcohol serving.

Here's how to take the alcohol server training course:

1. Go to www.myservertraining.com.
2. Click the yellow "Register for Training" button.
3. Follow the on-screen instructions and proceed to Sign Up at the bottom of that page. **You will need your active policy number.**

Policy number format example : **BBB-AA-1234567-02**

(You do not need to include the last digit(s) after the last dash)

4. Once you have signed up you will receive an email. The email will contain your user name and password needed to access the training course. When you get the email, return to www.myservertraining.com and enter your user name and password in the Student Login boxes.

5. When you are logged in, you can proceed with taking the *Responsible Server of Alcohol* training course. Your Post gets one course at absolutely no charge! You are also encouraged to purchase the course at a discounted price of \$9.95 for other servers at your Post. This is a great deal to get your servers certified with proper training!

HIGHLIGHTS OF THE RESONSIBLE SERVER TRAINING COURSE:

- Learn responsible server techniques, including spotting fake I.D's and eliminating drunk driving
- Helps you know your state laws for alcohol service
- Earn your state-specific responsible alcohol server certification (printed certificate and ID card provided)
- Every Post gets one course for FREE. Plus, you can purchase the course for your server staff to take, for just \$9.95 per course (typically \$40 per course).
- The course can be taken on your own time in the comfort of your home or office, and takes between 2 to 4 hours to complete

If you have technical questions about use of the myservertraining.com website once you have logged into the website, please call RService (the company managing the training course) at (800) 247-7737. If you have questions about your liquor liability policy please call us at (800) 829-8390.

Hiring Outside Contractors

Hiring a professional or skilled contractor to perform work or provide a service at your Post is often the best choice to ensure a job is done

correctly. When hiring outside contractors, it is in the best interest of the Post to be certain the contractor has insurance coverage..

In the event of a liability claim caused by the negligence of a contractor, the Post could be named liable in a lawsuit. When the Post is named as an additional insured, the contractor's policy will defend the Post in the event of a claim or lawsuit.

Following the steps outlined here will promote a professional working relationship between the Post and hired contractor and will assist in protecting the Post from unwanted liability.

1. Request a Certificate of Insurance from the contractor.
2. Confirm that the contractor has all coverages necessary including General Liability, Automobile Liability and Workers' Compensation.
3. Verify acceptable limits of liability.
4. Have the Post added as an "Additional Insured" to the contractor's policy.
